Name:_____

1: Reservations

In our office we consider appointments reservations and we reserve time specifically for you. Dr. Fruit and our hygiene team reserve one on one time and prepare the treatment room especially for you; we do not double book time with other patients. Once you have an appointment with our office we consider it confirmed. We don't like to interrupt your day. So, if you would like a courtesy call, let us know and we will be more than happy to contact you the day before your appointment. We do not charge for appointments cancelled 48 hours in advance. However, every appointment has costs associated with it. Therefore, after three (3) broken (cancelled or no-show) appointments within the 48 hour window, we will require payment in advance for future appointments. _____ - initial

2: Financials

To ensure the highest quality of dental services and dental health, Dr. Fruit is not a preferred provider for any insurance plan. Typically insurance plans pay for compromised treatment and hesitate to pay for ideal treatment. Insurance plans are also an agreement between you and your insurer and may not cover all fees for treatment and services provided by Dr. Fruit and his team. **However**, for visits < $300.00 we will file your benefits payable to us and settle any balance due with you after payment is received. Visits > $300.00, please be prepared to pay ½ of the total procedure the day of your visit. The remainder will be filed with insurance. If after 60 days, your benefits have not paid, the balance becomes your responsibility. _____ - initial

4: Warranty

Major dental work is covered on a pro-rated scale over 3 years. Warranty is void if the Doctor prescribed maintenance program is not followed. _____ - initial

5: Consent to Treatment

I do hereby authorize and request the performance of dental treatment for me by Todd W. Fruit, D.M.D., and any procedures deemed necessary for treatment. I understand Dr. Fruit and his assistant will use clinical and patient management techniques that are reasonable, necessary and advisable. I also authorize the administration of anesthetics and analgesics deemed advisable.

I understand any treatment plans presented, along with associated fees, may change depending upon time lapse from initial examination and diagnosis and actual treatment rendered date. Once treatment has been started, complications may arise, which dictate additional procedures and/or treatment. Dr. Fruit or the team will always advise me of any changes.

6: Notice of Privacy Practices and Disclosure of Health Information

I have been offered a copy of the Notice of Privacy Practices and have had the opportunity to read and consider the contents. This notice provides a description of our treatment, payment activities and healthcare operations, uses and disclosures we may make of your protected health history and information, as well as other important matters about your protected health information.

By signing this consent form, I understand I am giving consent for you to release and disclose my protected health information as described on the Notice of Privacy Practices to carry out treatment, payment activities, and health care operations.

Signature: _____ Date: _____

Or Guardian Signature for Minor Patient

You are entitled to a copy of this consent after signing.
